In no event will eSite's total liability to you for all damages in any one or more causes action exceed the amount paid by You for the Software. This limitation will apply regardless of the failure of the essential purpose of any limited remedy.

If the jurisdiction applicable to this Agreement limits the ability of eSite to limit its liability to you, in such instances and as long as you obtained the Software from eSite, eSite may be liable to you (a) without limitation for damages you have incurred under or in connection with this EULA only if the damage has been caused by the willful or grossly negligent act of eSite; and (b) for those typical damages that were reasonably foreseeable and which have been caused by any other negligent breach of an essential contractual duty by eSite. Any further liability of eSite is excluded.

These aforementioned limitations apply irrespective of their legal basis, in particular with regard to any pre-contractual or auxiliary contractual claims. These limitations shall not apply, however, to any mandatory liability under the applicable product liability laws, nor to any damage which is caused due to the breach of an express warranty to the extent that such express warranty was intended to protect consumers against the specific damage incurred, or to damages due to loss of life, injury or prejudice to health.

#### SERVICE LEVEL.

eSite will make commercially reasonable efforts to make the eSite TRAILBLAZER tool available to Licensee 99.5% of the time over the contract period ("Service Commitment"). Service Commitment measurements exclude downtime resulting directly or indirectly from any eSite SLA Exclusion (defined below). The Service Commitment does not apply to any unavailability, suspension or termination of the eSite TRAILBLAZER, or any other eSite TRAILBLAZER tool performance issue: (i) that results from planned downtime (of which eSite shall give at least 8 hours' notice via the eSite TRAILBLAZER); (ii) caused by factors outside of eSite's reasonable control, including without limitation, any force majeure event, acts of God, acts of government, floods, fires, earthquakes, civil unrest, acts of terror, strikes or other labor problems (other than those involving our employees), Internet service provider failures or delays, or denial of service attacks; (iii) that result from any actions or inactions of Licensee or any third party; (iv) that result from Licensee's equipment, software or other technology and/or third party equipment, software or other technology (other than third party equipment within eSite's direct control); or (v) arising from eSite's suspension and termination of Licensee's right to use eSite's TRAILBLAZER tool in accordance with these Terms (collectively, the "eSite SLA Exclusions").

#### U.S. GOVERNMENT-RESTRICTED RIGHTS.

The Software and any accompanying documentation are "commercial computer software" and "commercial computer software documentation," under DFAR Section 227.7202 and FAR Section 12.212. Any use, modification, reproduction release, performance, display or disclosure of the Software and accompanying documentation by the U.S. government will be governed solely by the terms of this EULA and will be prohibited except to the extent expressly permitted by the terms of this EULA.

EXPORT RESTRICTIONS. You may not download, distribute, export, re-export, or redistribute the Software (a) into, or to a national or resident of any country to which the United States has embargoed goods, or (b) to anyone on the United States Treasury Department's list of 'Specially Designated' nationals or the United States Commerce Department's 'Table of Deny Orders'. By downloading or using the Software, you are representing and warranting that you are not located in, under the control of, or a national or resident of any such country or on any such list. Except

pursuant to an express, written, fully-executed agreement with eSite, you may not purchase a license to use the Software for the purpose of exporting it to a country other than the original country of sale, nor may you retain the services of a third party to purchase a license to use the Software if in doing so you will require such third party to send (via any means, electronic or otherwise) the Software to you in a country other than the original country of sale.

GENERAL. If you purchased or downloaded the Software in the United States then this EULA is governed by the laws of the United States and the State of South Carolina, without reference to conflict of laws principles. Any dispute between you and eSite regarding this EULA, or the use of the software contemplated by this EULA will be subject to the exclusive venue of the state and federal courts in the State of South Carolina, County of Charleston, or the United States District Court for the District of South Carolina, Charleston Division. This EULA specifically excludes the United Nations Convention on Contracts for the International Sale of Goods and any legislation implementing such 'Convention', if otherwise applicable. This EULA is the entire agreement between you and eSite with respect to the licensing of the Software and supersedes any other communications or advertisements with respect to the Software and related documentation. The Software, or any feature or part thereof, may not be available in all languages or in all countries. If eSite has provided you with a translation of the English language version of this EULA, you agree that such translation is provided for your convenience only and that the English language version, not the translation, of this EULA will be legally binding on you. The English language version of this EULA and not its translation(s) shall govern in the event of a conflict between the English language version and a translation.

If and to the extent any provision of this EULA is held illegal, invalid, or unenforceable in whole or in part under applicable law, such provision or such portion thereof shall be ineffective as to the jurisdiction in which it is illegal, invalid, or unenforceable but only to the extent of its illegality, invalidity, or unenforceability and shall be deemed modified to the extent necessary to conform to applicable law so as to give the maximum effect to the intent of the parties. No term or provision in this EULA will be considered waived, and no breach excused, unless such waiver is in writing signed on behalf of the party against whom the waiver is asserted. No waiver (whether express or implied) will constitute consent to, waiver of, or excuse of any other, different, or subsequent breach. No modifications or amendments to this EULA will be binding upon eSite unless made in writing and duly executed by you and an authorized representative of eSite.

Some eSite Software versions may not be compatible with various computer operating systems or browsers and eSite may not release Updates to remedy this particular situation. Your Software may not be compatible with computer operating systems that you may purchase now or in the future and you may be required to purchase new and/or different versions of the Software in order to ensure compatibility and functionality over time.

You understand that eSite Software may work in conjunction with software and other technology owned and controlled by third parties. This EULA remains effective with respect to such incorporation as to the eSite software. Any and all other third party software or technology that may be distributed together with the eSite Software (as bundled third party software) may be subject to you explicitly accepting a license agreement with that third party.

ADDITIONAL TERMS APPLICABLE TO FIXED TERM LICENSES: Subject to the terms and conditions of this EULA, in the instance of a fixed term license, the license to use the Software begins on registration or installation and shall be for the duration identified by eSite in the applicable Product Service Agreement, Professional Service Agreement, invoice or Scope of Work. Use of the software before or beyond the applicable fixed term, or any attempt to defeat the time-control disabling function in the Software, is an unauthorized use and constitutes a material breach of this EULA and applicable law.
