

TRAFFIC APP

Learn the traffic impact of your trade area(s) through visualization and analysis.

The app uses Inrix annual average daily traffic (AADT). Inrix AADT is the most up-to-date, complete, and accurate source of such data that currently exists covering over 2.8 million roadway miles in the USA. Data is updated on an annual basis.

APP SPECIFICS:

- **Input:** Select a point on a map or input address(s) and define the trade area(s) in miles or minutes (cannot exceed 5 minutes or 5 miles)
- **Output:** Map with specific AADT traffic counts, directional legend, and detailed list by street with AADT's
